case learning

CURRICULUM FOR AGRICULTURAL SCIENCE EDUCATION

CASE PROFESSIONAL DEVELOPMENT

CASE Institutes

Professional development events preparing teachers to implement full-year CASE courses. Institutes provide teachers the content and skills needed to use CASE curricula in their classroom. CASE Institutes range from five to eight days in a hybrid, in-person, or virtual format.

In-Person

Teachers attend the entire training at the host site.

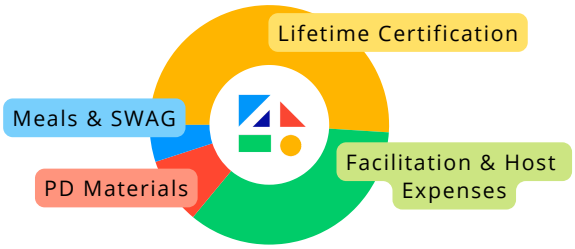
Virtual

Teachers attend the entire training online. Teachers will receive materials via mail, and are responsible for their lab space.

Hybrid

Teachers receive training both virtually and in-person based on the course.

CASE Institute Cost Breakdown



In-person and Hybrid events are reflected above; registration costs include lifetime certification, facility and host expenses, PD materials, daily lunches, and SWAG. Virtual costs include additional PD materials and equipment.

Plan for all your associated PD costs!

Registration fees do not include transportation, housing, evening meals, and incidentals.

Certification for a Lifetime

Once the teacher is certified by attending a CASE Institute or BriefCASE, they have lifetime access. There are no subscriptions or renewal fees!

WHY CASE?

Since 2009, Curriculum for Agricultural Science Education has worked to serve the needs of Agriculture and Career and Technical Education teachers.

PURPOSEFUL CURRICULUM

CASE has sequenced courses at four levels that enhance the delivery of agricultural education through inquiry-based learning and technical skills.

STANDARDS ALIGNED

CASE develops curriculum with industry feedback and aligns courses to National Agriculture, Food, & Natural Resources and Career & Technical Education standards.

STUDENT ENGAGEMENT

Fostering an agricultural education experience centered around inquiry and project-based, experiential learning.

RELEVANT & MODERN UPDATES

CASE uses teacher feedback to make live updates for the most relevant, industry-based information possible. Revisions are accessible immediately through online curricular access.

TEACHER SUPPORT

By attending a CASE professional development event, teachers have the opportunity to participate in cohort groups becoming a part of a nationwide network of teachers.

Equipping Teachers
Engaging Students

2026 CASE Institute Schedule

Registration opens January 2026, beginning March 1, 2026 all CASE Institute prices will increase $200.

Introductory

AFNR - Introduction to AFNR (In-Person, 5 days) — $2,250

*Macomb, IL | Western Illinois University	June 01–05 (Private, In-Person) *Private - Illinois Teachers Only
Ankeny, IA | Iowa State University	June 08–12 (In-Person)
Mechanicsburg, PA | The Pennsylvania State University	July 13–17 (In-Person)
Stillwater, OK | Oklahoma State University	July 20–24 (In-Person)

Foundation

APT - Ag Power & Technology (Hybrid, 2 days virtual, 5 days in-person) — $2,450

Nashville, TN | Tennessee State University	June 11–12 (Virtual), June 15–19 (In-Person)
*San Marcos, TX | Texas State University	July 01–02 (Private, Virtual), July 13–17 (Private, In-Person)

*Private - USDA Grant Funded for teachers with 0-4 years of experience. Preference given to teachers in the local region.

ASA - Principles of Ag Science - Animal (In-Person, 5 days) — $2,250

Stillwater, OK | Oklahoma State University	June 08–12 (In-Person)
Pullman, WA | Washington State University	July 06–10 (In-Person)
Russellville, AR | Arkansas Tech University	July 27–31 (In-Person)

ASA - Principles of Ag Science - Animal (Virtual, 8 days) — $3,050

Virtual | National Council for Agricultural Education	June 15–24 (Virtual)
Virtual | National Council for Agricultural Education	July 27– August 05 (Virtual)

ASP - Principles of Ag Science - Plant (In-Person, 5 days) — $2,250

Athens, GA | University of Georgia	July 06–10 (In-Person)
Fall Creek, WI | Fall Creek FFA	July 20–24 (In-Person)

ASP - Principles of Ag Science - Plant (Virtual, 8 days) — $3,050

Virtual | National Council for Agricultural Education	June 08–17 (Virtual)
Virtual | National Council for Agricultural Education	July 29–August 07 (Virtual)

NRE - Natural Resources & Ecology (In-Person, 5 days) — $2,250

Auburn, AL | Alabama State Department of Education - Agriculture	June 15–19 (In-Person)
Allentown, NJ | New Jersey Office of Food, Agriculture & Natural Resources Education	July 13–17 (In-Person)

Specialization

AEMT - Ag Equipment Maintenance & Technology (Hybrid, 5 days in-person, 3 days virtual) — $2,750

Cobleskill, NY | SUNY Cobleskill	July 13–17 (In-Person), July 20–22 (Virtual)

ESI - Environmental Science Issues (In-Person, 5 days) — $2,250

Bozeman, MT | Montana State University	July 13–17 (In-Person)

FSS - Food Science & Safety (In-Person, 5 days) — $2,250

Greeley, CO | Greeley West High School	June 08–12 (In-Person)
Raleigh, NC | North Carolina State University	July 20–24 (In-Person)

Capstone

ARD - Ag Research & Development (Virtual, 5 days) — $1,750

Virtual | National Council for Agricultural Education	July 06–10 (Virtual)
